

## Questys Products

Questys - MessageVision plays an important role in helping organizations of all sizes save time and money by increasing the productivity and efficiency levels of its employees. The Questys - MessageVision suite of products is designed to manage, store, organize, and retrieve information. Questys is your complete content management solution.

### Questys Content Management (CMx) — Electronic Document and Content Management

Scan paper documents, import electronic files and e-mail, then OCR, edit, and store your information in electronic format for instant retrieval.

### Questys WorkFlow (WFx) — Automated Business Process Management

Streamline your organization with electronic workflow and business process management.

### Questys LegisStream® (LSx) — Automated Legislative Agenda Management

Automate your entire agenda process, LegisStream is the solution to your agenda development and management needs. Available as a hosted or on-premise solution.

### Questys Capture

Easily input information into Questys CMx with data entry automation and indexing that easily integrates with other applications. Includes zonal OCR, barcode recognition, text parsing, and much more.

### Questys Web

Provides users with secure access to their documents from anywhere in the world via the Internet or Intranet. Web gives you all the document creation, search and retrieval capabilities as the Questys Base Server.

### Questys General Data Importer

The Questys CMx Import Utility tool allows you to perform mass imports of data (and optionally files) into your Questys CMx system from any ODBC/OLE DB data source.

### Questys Fast Forms

Using leading barcode recognition technology, fast forms rapidly inputs scanned records into your Questys CMx system.

### Questys Electronic Faxing

Inbound and outbound document distribution solutions are integrated into Questys CMx and include: desktop fax, production fax, e-mail-to-fax, broadcast fax, and web fax.

### Questys Granicus Integration

Enhance your Questys LegisStream module with one-click integration of Granicus MinutesMaker™ for a powerful combination of agenda management tools, enriched with streaming video.

### Fast, Easy, Cost Effective

“The implementation of Questys has changed the way we manage records. We are now able to cut down on storage space, save \$\$\$’s, man power hours for search and retrieval and improve accuracy rates for finding files. Research time has been cut down greatly.”

Deanna Gunn, Accounts Payable  
Supervisor, County of Monterey, CA

### About MessageVision

MessageVision uniquely combines communications technologies into a single unified platform, providing businesses with innovative and efficient ways to manage, collaborate and exchange vital business information.
